

Center for Talent Development

Virtual Preview Day - October 22, 2026

During this webinar you'll learn how CTD's research-based approach helps students PreK through grade 12 develop their talents, confidence, and love of learning. Hear directly from CTD instructors, staff, and families as they share what makes our programs—and our learning community—unique. Join us to explore how CTD can support the students you care about and help you determine which of our programs are the right fit.

What to Expect:

- Overview of Services: Learn about our diverse range of offerings for youth and adults.
- Research Insights: See how the latest studies shape our approach.
- Courses in Action: Discover how CTD fosters critical thinking and creativity in its advanced enrichment and accelerated courses for students PreK through grade 12.
- Teacher Panel: Hear from expert instructors about their methods and the learning communities they create.

Don't miss this opportunity to engage with our community and learn how CTD can help your family or school!

Cost: FREE

Date: October 22, 2026

Time: 7:30 p. m. (Central)

Location: Online via Zoom
