Cost-effective, tailored services for
schools & school districts

Northwestern | CTD

Center for Talent Development (CTD)

is a leader in the field of gifted education, helping schools and families identify and nurture exceptional talent in young people age 4 through grade 12. Collaborating with CTD can help your staff identify a broad and diverse pool of high ability and gifted students, monitor their achievement, and provide exceptional programming to develop their talents fully.

Contact a CTD School Services team member for more information.

Gifted Program Evaluation & Policy Development

- Customized consulting to design or improve existing programs and services
- Evaluation of your gifted program and related services using National Association for Gifted Children (NAGC) programming standards
- Policy development for identification, program placement, and academic acceleration

Professional Development

- Convenient, asynchronous one to four-week online mini-courses led by nationally recognized personnel on topics including identification best practices, social-emotional needs, or differentiating your science curriculum
- Face-to-face conferences and workshops held at Northwestern University
- Customizable workshops and trainings for educators and administrators at your site

Assessment & Growth Monitoring for High-Performing Students

- Benchmarking the performance of your gifted students against peers in districts with similar demographics
- Above-grade-level assessment via PSAT™8/9, SAT®, and ACT® in grades 3-9, pinpointing what students know and are ready to do academically
- Recommendations for courses and appropriate services

Programming for Students & Parents

- Opportunities to collaborate with CTD to provide online, weekend, or summer programming for students age 4 through grade 12
- Conferences and free seminars for parents
- Online communities for parents and students facilitated by CTD staff
